Internal Review of U.S. LHC Research Program
URA Headquarters (1111 19th St. N.W.), August 9, 2007**

DRAFT AGENDA

Mini-Review of U.S. ATLAS/U.S. CMS M&O and S&C Programs

- 8:30 **Executive Session** Review Committee: Carolan/Ferbel/Gonzalez/Pripstein/Tull/Whitmore
- 8:45 **Overview of M&O, S&C and Upgrade Activities of U.S. CMS**Butler
Update on performance of past six months (achievements and schedule)
Commissioning and integration of detector
Computing and readiness of analysis for mining of physics
Developments in upgrade to higher luminosity
New or remaining problems
Needs of M&O and S&C for FY'08 and beyond
Priorities in light of anticipated budgetary constraints
Impact of additional delays in LHC
Budgets proposed for FY'08 and beyond
- 09:45 **Additional Clarification of Issues in M&O (safety) and the Upgrade**.....Freeman
- 10:15 **Additional Clarification of Issues in S&C (security) and Data Analysis**.....Bauerdick
- 10:45 Break
- 11:00 **Additional discussion of U.S. CMS Activities**
- 11:20 **Executive Session**
- 12:00 **Closeout for U.S. CMS**
- 12:15 Lunch
- 13:00 **Executive Session**
